C. Part D-1, Specification and Statement of Work, is modified as follows with changes noted in **Bold**:

5. The Contractor shall provide software that will operate on a variety of Government-owned workstations, and on AIT II equipment provided under this Contract. The Contractor shall provide the necessary software to enable the Government to develop applications for AIT II equipment. The Contractor shall provide Bar Code Label and Form Design and Printing Software, Application Software Development Kit, Application Generation Software, and Wireless Transaction Support Software. The Contractor shall provide development software that operates under the Windows NT® 4.0 operating system. The Contractor shall provide all AIT II software on CD-ROM, ~~or~~ 3-1/2" high-density diskettes **or via electronic download.**

5.3 **Application Generation Software.**

The Contractor shall provide Application Generation Software for the data collection terminals and the host computer. Generated software shall support batch processing, and wired and wireless transactions. The software code generator shall enable programmers and technically oriented, non-programmers to create AIT II application programs for data collection terminals. The application generation software shall produce executable code for the data collection terminals and the host computer. The application generation software shall provide graphic design, automatic program generation, and an integral simulator to test compiled code, application functionality, and operation prior to the final application being installed on data collection terminals. The Contractor shall provide the following application generation software:

- a. Application Generation Software for PDCT-A Class and Windows 95®, Windows 98®, and Windows NT®;
- b. Application Generation Software for PDCT-B Class and Windows 95®, Windows 98®, and Windows NT®;
- c. Application Generation Software for PDCT-C Class and Windows 95®, Windows 98®, and Windows NT®;

- d. Application Generation Software for PDCT-A Class for the Graphical User Interface Operating System and Windows 95®, Windows 98®, and Windows NT®;
- e. Application Generation Software for PDCT-B Class for the Graphical User Interface Operating System and Windows 95®, Windows 98®, and Windows NT®.
- f. Application Generation Software for PDCT-E Class for the Graphical User Interface Operating System and Windows 95®, Windows 98®, and Windows NT®.**
- g. Application Generation Software for PDCT-F Class for the Graphical User Interface Operating System and Windows 95®, Windows 98®, and Windows NT®.**
- h. Application Generation Software for PDCT-G Class for the Graphical User Interface Operating System and Windows 95®, Windows 98®, and Windows NT®.**

D. The following Contract part is replaced in its entirety and dated as annotated for administrative purposes:

Part B-2, dated 12 August 2003.

The changes to Part D-1 will be issued in a later modification.

Changes in Microsoft Excel are denoted by a bar (|) in the right margin.

E. As a result of this modification, there is no change in the total amount obligated under the contract.

.
